The polyurethane foam used in the products meets the CRIB 5 fire safety standard.

The difference between the one-seat armchair and the one-seat bench is in the seat width (the separate one-seat chair is wider).

The pillow for the one-seat chair has different dimensions (it is wider), so when ordering more parts, it is necessary to determine which pillows are for one-seat armchairs.

Cannot be upholstered in ONE (1) fabric.

---	--	------

All parts of the assembly kit are soft and safe, filled with foam certified for use in products for children.

The foam blocks are upholstered with high-quality artificial leather (DZ-L,PU, DZ-XL,PU) or fabric (DZ-L,Fabric, DZ-XL,Fabric); the colours of individual blocks are random and cannot be influenced. We choose combinations of colours with regard to aesthetics and colour balance of the whole and it always contains 5 or 6 matching combinations of colours.

The kit is suitable for schools, kindergartens, after school clubs, free-time clubs, corporate playrooms, etc.

The Block foam assembly kit is part of our effort to minimise waste material in the spirit of Zero Waste.
